

Over-Under Shallow Pit Conveyor

Sonny's Exclusive Shallow Pit Over-Under Conveyor delivers the legendary performance and reliability of our standard conveyor while reducing the conveyor trench requirement from the standard 21-3/4in to only 14-1/2in. This allows for easy installation into old bays with reclaim or underground holding tanks.

Features

- Easily installs over existing reclaim tanks found when converting an in-bay automatic to a Mini Tunnel.
- Air take-up with 1-1/2in stainless steel shaft and UHMW bushings for easier maintenance.
- Durable 1/2in thick top deck and 3/8in steel frame with Banana Peel Rails for safe operation.

Specifications

SECTION	
Total Height	17.3in
Shoulder Height	3.5in
Tire Clearance	13-1/2in
