

PYTHON™ Side Brush

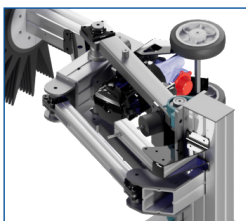

Sonny's Python 68 inch side washer simultaneously cleans rocker panels up to 30 inches and removes road grim from tires and wheels. The PYTHON is installed after high-pressure wheel cleaners, complements a tire brush when used with an over-under conveyor, and delivers sparkling wheels from a wash-belt conveyor that has never been possible before.

Features

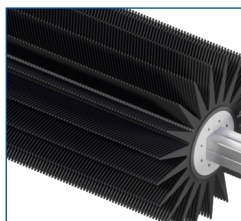

- Industry leading 68 inches brush length stays on the vehicle longer to clean wheels, tires, and rocker panels up to 30 inches tall.
- Exclusive 28 inch diameter NEOGLIDE® wash material provides gentler and better contact deep into crevices for superior cleaning.
- Innovative aluminum hub delivers perfect balance to gently navigate intricate body contours to wash a wider range of vehicles.

Specifications

Footprint Length	120in
Footprint Width	144in
Hydraulic Option	6GPM
Electric Option	1HP 3-Phase/208-460V

Cantilever arm for complete range of motion with accurate pressure in less space.

Full 28 in diameter brush increases surface area reached and depth of cleaning.
