

Mirror Blasters & Rinse

Sonny's Octopus Mirror Blaster spins the nozzles at an adjustable speed in a wide spray pattern to get water deep into mirrors on a complete range of vehicle sizes. The water penetration effectively removes detergent from behind the mirror.

Features

- Eliminate customer-displeasing "mirror drool." Nine nozzles per side completely flush residual detergent from mirror housing.
- Reliable high-speed swivels increase mirror coverage with fully adjustable driver and passenger manifolds.
- Includes bolt-on brackets that easily mount manifolds to an existing arch or Pendulum Wheel Washer arm when applicable.

Specifications

Rainbar Mirror Rinse	1GPM @40PSI per Manifold
Mirror Blaster	Specify 3.5, 4, or 4.5GPM Turbo Nozzles
Fixed Mirror Rinse	1GPM @40PSI per Manifold

Rainbar Mirror Rinse

Sonny's Rainbar Mirror Rinse is a 1 foot adjustable rain bar that can apply high-pressure water to remove soap behind mirrors or spot-free water to ensure mirrors come out clean and spot-free.

Easily attaches to an existing arch frame with included adjustable bracket.

No moving parts ensures long life and no maintenance. Features two stainless steel manifolds with a precision, laser-drilled hole pattern that evenly directs flow to the vehicle's mirrors.
