

Pendulum™ Wheel Washer

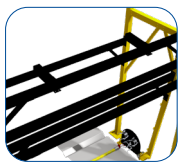

Sonny's patented Pendulum tracks each wheel, following it with a high-pressure wash for a full five feet to focus on cleaning wheels and tires at high chain speeds without prepping.

Features

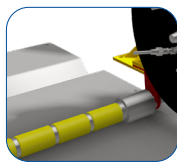

- Pendulum action that raises and lowers the spinning Zero-Degree Plus Nozzle manifold to cover all wheel heights.
- Simple mechanical design requires little maintenance and automatically adjusts to any conveyor speed.
- Increased contact time delivers necessary impact to loosen even the most difficult brake dust and road grime.
