

Chemical Tire & Wheel Applicators

CTA applicators provide fast, on-time delivery to ensure full wheel and tire coverage. Clinging foam with non-clogging spray pattern and consistent coverage ensure optimal results with simplified maintenance.

Features

- Unique spray pattern accommodates a wide range of tire sizes for complete application.
- Twist N Kleen® Foam Generators improve foaming action while both simplifying and reducing maintenance.
- Adjustable nozzles for complete application with clog-free operation specific to your requirements.

12-Hole Foaming Showerhead Chemical Tire Applicator

Work in conjunction with high pressure and wheel brushes to deliver clean wheels, less maintenance, and chemical expenses. Multiple manifold designs are available depending on the type of chemistry, speed of the conveyor, and amount of dwell time you have at your wash.

- Delivers a wide pattern to cover tires & wheels
- Foam increases dwell time for better results
- Each tree includes showerhead manifold, mounting bracket, foam generator, and check valves
- Applicator pump and activation sold separately

Description	Price
12-Hole Shower Head Foaming Chemical Tire Applicators	\$250.00

Material ID: TIRE_APPLICATORS

Cone Nozzle Non-Foaming Chemical Tire Applicator
