

Tunnel Camera Security Systems

Eyeson Digital Surveillance & Management Systems provide your car wash end-to-end, real-time surveillance and monitoring of your property's entire perimeter. Protect the tunnel, building access points, vacuum stations, and employee work areas.

Each system is custom-designed specifically for your car wash. 24/7, 365 days of the year live monitoring gives you peace of mind from false damage and accident claims, or cash loss resulting from theft or shrinkage.

Features

- IP67 ruggedized XD, HD, Ultra HD turret and dome cameras
- 4K Ultra HD high resolution network video recorders
- 30fps recording frame rate
- Simultaneous live viewing, recording, playback
- Real-time remote monitoring on mobile, desktop and tablets
- Motion detection and motion-triggered recording
- Centrally managed access control eliminates the need to carry keys
- Burglar alarm with video verification and audio response
- H.264 video compression, 4CIF resolution
- Expansion for up to 64 channels with audio support
- View live, playback, activate/deactivate alarms, unlock/lock doors, all from a smart phone
